Lenart Architecture was founded on the commitment to excellent design and effective solutions.

Our firm is made up of a highly experienced and diverse team that has designed a variety of projects.

We design for the client. With principal involvement, we take a hands-on approach to get to know the client and ensure their vision is captured through our design.

Client service is a core value for our firm. We use our project management experience to ensure our projects are not only beautiful, but also delivered on time and on budget.
